

GTV COMPACT SERIES

One controller for various processes

GTV COMPACT SERIES

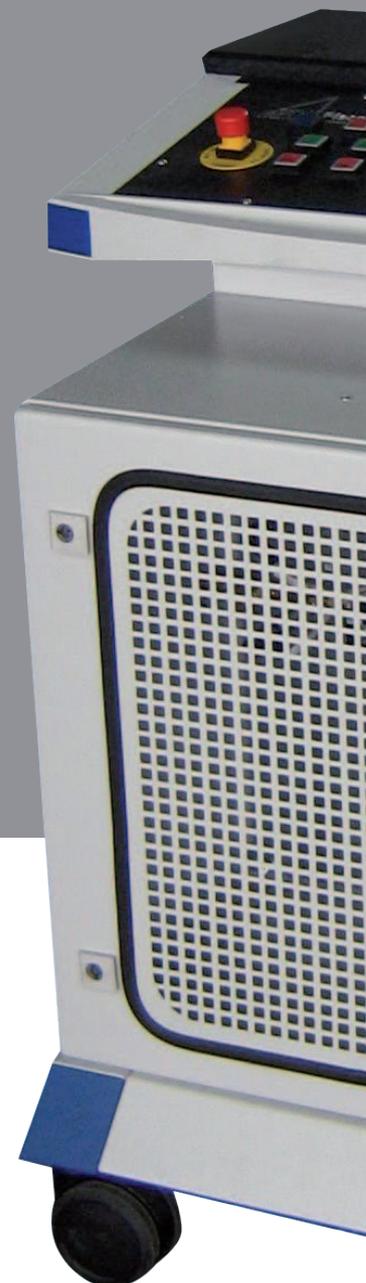

The ergonomically styled operator unit contains the complete electrical control unit consisting mainly of the Siemens PLC Type S7 and the Siemens Operator panel TP177 .

The adjustment and management of the spray parameters will be performed by the Touch Screen of the Operator Panel. The actual operating of the equipment is carried out using heavy duty push buttons and keys. The easy and clearly readable 16 color 5.7" monitor offers the possibility an uncomplicated process monitoring. The Operator Panel allows storing of more than 100 spray recipes.

The integrated but isolated gas cabinet contains the components for closed loop gas control as well as compressed air control. Furthermore the integrated powder feeder unit is compatible to GTV's PF series. The hopper (Volume 0.3, 1.5 and 5.5 Liter available) can be changed fast and easily.

The GTV compact controller unit is a mobile, gas massflow controlled closed loop controller and operating unit for the following TS processes:

- Wire flame spray 15E, 5K, 7K
- Powder flame 6P, USJ, MSJ
- HVOF air cooled GLC, GLC ID, Typhoon
- HVOF water cooled Top Gun, DJ, Jet Kote
- Plasma P2, 3MB, 9MB, F4/F6, SG100
- Plasma ID F1, 11MB
- Combination VOF/Wire flame/ Powder flame

Technical data

Dimensions:	600 x 600 x 1.000mm
Weight:	ca. 140 kg
Voltage:	230V/50Hz od. 110V/60Hz
Controller:	Siemens S7-300
Display:	Siemens TP 177
Gas control:	closed loop mass flow controlled
Gas warning device:	included
